

## **Worcester Shotokan Karate Club (WSKC) Training fees**

The fees for training with Steve Cameron Sensei who has 43 years continuous karate experience and was a student of the Japanese karate master Kato Shihan for 25 years from 1995 until 2020, are very modest.

WSKC prides itself on providing quality instruction at two great dojos (training venues) at very affordable prices.

### **Monthly 2**

We encourage our students to train twice each week to make good progress and this monthly fee covers the cost of attending both training sessions each week throughout a month.

### **Monthly 1**

Equally we understand that some people can only train once each week and this monthly fee covers the cost of attending one session each week throughout a month.

### **Per Class**

This fee is charged for occasional attendance by visiting karateka.
